**Application Instructions:**

1. *The Operator should conduct an initial assessment so as to determine the navigation specifications required for a specific aircraft.*
2. *The application form shall be submitted after the pre-application meeting. It should be accompanied by an application letter signed by the responsible post holder or accountable manager.*
3. *A detailed configuration list of the pertinent equipment and software for each aircraft type/variant and navigation specification may be attached. This should include installed number of specific components. Where not initially availed it should be submitted later with the other required documentation.*
4. *An applicant should submit the application 60 days before the date of PBN operations commencement.*
5. *At the pre-application meeting with the operator, the inspector shall review the basic events of the required PBN approval process in order to provide an overview of the approval process events.*
